How to Add a Photo

How to craft your submission, step by step!

First, be sure to check the submission calendar to get the current topic.

Once you have that firmly in mind, open a word-processing program and get writing.

NOTE: Your submission should be at most 500 words.

How to craft your submission, step by step!

Now that you have a first draft of your submission, you might discover that you want to add a photo.

NOTE! If you want to use your own photo, you will need to upload it to a service like Flickr so that there is a URL address available.

Once you have found the photo, copy and paste the address onto your word processed document in the place where you would like the photo to appear. Let's look at an example...
